Soleil Niklasson Quintet

- Soulful Jazz-

The Soleil Niklasson Quintet is a band that develops their own sound impulsively and at the same time sensitively between Jazz & Soul. The band shows that pure power and soft, quiet tones can be wonderfully combined.

In the focus of the band is the outstanding American singer Soleil Niklasson.

The charismatic singer Soleil Niklasson was born in Chicago, raised in Los Angeles and stepped in many places she calls home: Hawaii, Stockholm, Germany.

She grew up with the music of jazz, gospel and soul and this authenticity can also be felt in her music and in her concerts. Soleil is a spiritual singer who is able to captivate the audience with her great voice. Her singing comes from deep from her heart and radiates pure „joie de vivre“. Her voice touches and is warm and powerful, grounded and full of energy.

Soleil is a beautiful storyteller and she takes you a journey which reveals truth and love.

Soleil's motto: "My theme is to challenge the mind and move hearts!"

She has already worked with legends such as Oscar Brown Jr., Stan Getz, Billy Preston, Linda Hopkins and Rod Stewart.
